Subject: Questions & Answers regarding RFQ/10/031

Dear Restive Vendors,

In response to the questions received from our suppliers, kindly find below the Amendments, Questions and Answers regarding RFQ/10/031.

- **Amendments:**

In reference to the DESCRIPTION OF GOODS/SERVICES in the above mentioned RFQ, we have the one amendment:

Was

External Color Any *except white*

Now

External Color Any *white preferred*

Kindly be advised that *White* color is preferred, sorry for any inconvenient.

- **Questions & Answers:**

1. Is IFES exempted from all customs duty & taxes of Southern Sudan?

Yes we are. However, we have to do the exemption on case by case basis.

2. A roof rack has not been requested for SUV. SUV models come both with and without factory roof racks. Please confirm?

Please indicate in your quote if the roof rack already installed in the SUV. If not, quote for roof rack as an option in separate line item and clarify if the installation will cause delay in delivery (how many days?).

3. The pickup can be fitted with an after market roof rack. Could you please confirm if one is needed?

Roof rack is not needed in the Pickup.

3. You request a towing package (winch). Could you please confirm that no additional towing package is needed for the back of the vehicle?

The towing package (winch) requested for the front of the SUV only, no package needed in the back. Kindly be advised that the winch must be Hydraulic.

4. Do you need snorkel pipe in the vehicles?

Please indicate in your quote if the snorkel pipe already installed in the SUV. If not, quote for snorkel pipe as an option in separate line item and clarify if the installation will cause delay in delivery (how many days?). Snorkel pipe is not required for the pickup.

Best Regards,

Jaime Acosta
